

## Northwestern Pennsylvania Synod Calendar of Causes

In order to allow agencies and institutions related to our synod to make contact with our congregations and to encourage congregations of the Northwestern Pennsylvania Synod to give generously to those agencies and institutions, the synod council has developed a calendar of causes.

Various agencies have been “given” one month during the year when they may send bulletin inserts, offering envelopes and other information they feel is essential to the members of our congregations.

Congregations in turn are encouraged to focus on the ministry of that agency for that month.
