

Northwestern PA Synod, ELCA
Rostered Leaders' Gathering - February 2011

Best Practices in Outreach and Mission

Join your colleagues for a day to consider outreach and mission ideas: What excites us about mission and outreach? What does our congregation or community need? What are the obstacles? What are the joys?

- During the morning session we will hear about the successes and areas of growth from six outreach ministries within the synod.
- The early afternoon session will be an open forum for participants to share good news from their mission centers.
- We will conclude with a presentation by our Director for Evangelical Mission, Pastor Jake Jacobson, exploring biblical foundations, guidelines, and available resources for putting ideas for outreach and mission into practice.
